

Analysis of feedback by Parents on Students Progress

Feedback was collected from the parents on students' progress. A three point's scale feedback form on students' progress was developed for the same. We had received a total 60 responses from the parents of FE engineering students.

Sr. No.	Particulars	Response in %		
		Good	Satisfactory	Need to Improve
1	In your opinion, how will you rate your wards progress?	20	37	43
2	How often you talk to your wards about college activity?	55	43	02
3	Whether you're ward inform his progress in IAT?	83	12	05
4	Do you take regular feedback of your ward progress either from him or from Teachers?	60	35	05

Conclusion: Most of the parents are of the opinion that the students are interacting with their parents and discussing their progress as well as college activities.

Feedback from Parents:

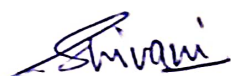

1. The meeting is well organised and focused on question-answering.
2. First year department academic calendar, activity plan explained very well.
3. We enjoyed parents- teacher meeting with full of enthusiasm.

Following are the suggestions received from the parents:

1. Need to focus on more practice of practical's and theory.
2. Give more option in value addition programme.
3. Arrange Parents and Teacher meeting 3 times in 1 year.

Analysis of feedback by Parents on Institute

Que. Are you Satisfied with Vishwaniketan Institute?		
Yes	No	Can't Say
93%	01%	06%

Conclusion: Most of the parents are of the opinion that they are satisfied with the Vishwaniketan.

Que. Which part of Vishwaniketan you like most?				
Staff	Management	Infrastructure	Teaching-Learning Process	Activities
35%	20%	07%	30%	08%

Conclusion: Most of the parents are of the opinion that they are satisfied with the Vishwaniketan staff and teaching learning process.

Que. How you see your role in developing Vishwaniketan as an Institute?			
Roll as on Parents Board	Extend support for curriculum/Activity development	Help to get in touch with industry and Society	Any other
25%	40%	30%	5%

Conclusion:

1. Half of the parents are of the opinion that they are supporting for curriculum and activity development.
2. Half of the parents are of the opinion that they are supporting for touch with industry and society.

Feedback from Parents:

1. Institute should invite other colleges for Project Exhibition to improve quality of projects.
2. Institute should add few foreign languages.
3. Give more options in programming language and AutoCAD in Value Addition Programme.

Following are the suggestions received from the parents:

1. Need to improve transport, sports, and hostel and infrastructure facilities.
