MoU

Between

**Vishwaniketan- Institute of Management, Entrepreneurship and Engineering
Technology (iMEET)**

And

Dr. J. J. Magdum College of Engineering, Jaysingpur

For Project Based Learning

Policy frame – work for the Institute:

1. Few teachers will be sponsored (50% of the total cost) for Ph.D. programme in Universities abroad for first three years.
2. Complete freedom for implementation of Activity Plan, Project based learning cycles (VAP +Project+ exhibition), Internal Assessment Norms, rules/regulations of attendance requirement for students (All formats enclosed) needs to be given to the academic leadership.
3. Two days faculty development programmes to be conducted every year. 30% expenses will be from institute side, 70% by teachers, who are willing to participate. Two days PBL workshop will be conducted free of cost.
4. The management will support in sprit the activities like academic calendar, course files, time table design etc, which is essential to create academic discipline in students and teachers for the final outcome of creating a 'world class institute' in the campus.
5. The CTIF-Vishwaniketan network has mandate of empowerment of students and teachers. This will help in development of the institute, a big way. Generally after two years of joint activities, good and potential teachers become fear-free. These teachers actually develop the institute to a great extent. Appropriate pay scales will have to be implemented in the institute, without which the vision cannot be successful beyond a limit.
6. It will be necessary for teaching and non-teaching staff to work in a particular specific method to imbibe PBL. It is responsibility of CTIF officer on duty to train them. Once the management is convinced after series of discussions, there should not be any constraint on the academic leaders to work.
7. The responsibility of CTIF will be:
 - a) To Guide, train the academic leadership, faculty and students so that PBL vision will be implemented meaningfully in the network institute.
