To,

Dr. Aparna Bhirangi

Vishwaniketan Institute of Design

Respected Madam,

It's my great honor and pleasure as I am writing this letter to invite you as a speaker for Workshop on Design Thinking for first year engineering students on 11/6/2020.

Your valuable guidance will motivate students to perform better in near future. Looking forward for your acceptance.

Regards

To,

Dr. Aparna Bhirangi,

Respected Mam,

Please accept our profound thanks for taking out the time from your busy schedule for Design Thinking Workshop session of first year engineering students on 4/6/2020. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

Regards

## DESIGN THINKING WORKSHOP

**DATE: 6/3/20**

**PARTICIPANTS: First Year Engineering Students**

**Name of Trainer: Mr. Mathew Sebastian**

### Glimpses of Design Thinking Workshop

This design workshop was specially fabricated for First Year students at Vishwaniketan's iMEET. Total 113 students participated in this workshop. It aims to build a tactical approach in student's mind-sets for thinking about possible solutions to critical technological, social problems.

Workshop was conducted by Mr. Mathew Sebastian, specialist in the field of designing from Bangalore.

This activity builds a new pathway for engineering students for a more practical approach, towards product development and to establish more innovative and sustainable designs to match industry standards.

### Vishwaniketan's iMEET

Department of First Year Engineering

## Notice

Date: 02.03.2020

All heads of department are hereby informed that Vishwaniketan's iMEET is organizing Four Days workshop on Design Thinking for all First Year students and interested Second year students as per the schedule given below:

Date	Day	Div	Name of Activity	Timings	Venue	Conducted by
06.03.2020	Friday	A & B (FE)	Design Workshop	09.00am-04.20pm	Design School, Vishwaniketan	VID
07.03.2020	Saturday	&				
20.03.2020	Friday	Second Year				
21.03.2020	Saturday	(All Branches)				

You are requested to select 4-5 interested students from Second Year classes for attending the same Workshop.

Kindly submit their Name and Mobile No. to FE HOD (Shivani Agrawal) by Wednesday (04.03.2020) morning.

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Modeling Workshop of students from first year engineering on 6/3/2020. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

## DESIGN THINKING WORKSHOP

**DATE: 7/3/20**

**PARTICIPANTS: First Year Engineering Students**

**Name of Trainer: Mr. Mathew Sebastian**

### Glimpses of Design Thinking Workshop

This design workshop was specially fabricated for First Year students at Vishwaniketan's iMEET. Total 100 students participated in this workshop. It aims to build a tactical approach in student's mindsets for thinking about possible solutions to critical technological, social problems.

Workshop was conducted by Mr. Mathew Sebastian, specialist in the field of designing from Bangalore.

This activity builds a new pathway for engineering students for a more practical approach, towards product development and to establish more innovative and sustainable designs to match industry standards.

Department of First Year Engineering

### Notice

Date: 02.03.2020

All heads of department are hereby informed that Vishwaniketan's iMEET is organizing Four Days workshop on Design Thinking for all First Year students and interested Second year students as per the schedule given below:

Date	Day	Div	Name of Activity	Timings	Venue	Conducted by
06.03.2020	Friday	A & B (FE)	Design Workshop	09.00am-04.20pm	Design School, Vishwaniketan	VID
07.03.2020	Saturday	&				
20.03.2020	Friday	Second Year				
21.03.2020	Saturday	(All Branches)				

You are requested to select 4-5 interested students from Second Year classes for attending the same Workshop.

Kindly submit their Name and Mobile No. to FE HOD (Shivani Agrawal) by Wednesday (04.03.2020) morning.

## WORKSHOP ON BUSINESS MODELING

**Participants: First Year Engineering Students, Div A**

DATE	NO. OF PARTICIPANT	TRAINERS
04/06/2020	40	Dr Sharvari Sane, HOD Electrical Department, ViMEET
05/06/2020	43	Mr Sameer Shaikh, Trainer, Vishwaniketan Incubation Centre
06/06/2020	47	Mr Deorath Jadhav, Trainer, Vishwaniketan Incubation Centre
07/06/2020	49	Mrs Neelam Kamathe, Director, Vishwaniketan Incubation Centre
08/06/2020	52	Mr Dinesh Israni, Trainer, Vishwaniketan Incubation Centre

Workshop on Business Modeling was conducted for the students of First Year Engineering Div A, trainers from Incubation Centre of Vishwaniketan Imeet helped out students to understand the concept of Business Modeling, and how an engineer can be benefited by this. A business model describes how an organization creates, delivers and captures value in economic, social and cultural context.

This activity builds a new pathway for engineering students for a more practical approach, towards business modelling, product development and to establish more innovative and sustainable designs to match industry standards.

Date: 2/6/2020

To,

Mr. Deorath Jadhav

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a speaker for Workshop on Business Modeling for first year engineering students on 6/6/2020 & 12/6/2020.

Your valuable guidance will motivate students to perform better in near future. Looking forward for your acceptance.

Regards

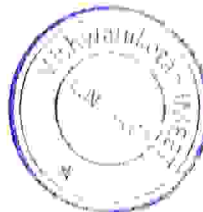

Shivani Agrawal

Date: 3/6/2020

To,

Mrs. Neelam Kamathe,

Director, Vishwaniketan Incubation Centre

Respected Ma'am,

It's my great honor and pleasure as I am writing this letter to invite you as a speaker for Workshop on Business Modeling for first year engineering students on 7/6/2020 & 13/6/2020.

Your valuable guidance will motivate students to perform better in near future. Looking forward for your acceptance.

Regards

Shivani Agrawal

TO,

Mr. Dinesh Israni

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Modeling Workshop session of first year engineering students on 8/6/2020. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

Regards

Shivani Agrawal

## WORKSHOP ON PROJECT BASED LEARNING Participants: First Year Engineering Students, Div B

DATE	NO. OF PARTICIPANT	TRAINERS
15/02/2021	60	Mrs Charuska <del>Shinde</del> Pandit, PBL, Practioner, Vishwaniketan IMEET
22/02/2021	61	Mrs Swapna Manurker, PBL, Practioner, Vishwaniketan IMEET
01/03/2021	41	Mrs Shilpa Deshpande, PBL, Practioner, Vishwaniketan IMEET
08/03/2021	30	Dr Vikas Shinde, Director, Project Based Learning Centre of Excellence, VIMEET
07/06/2021	26	Mrs Charuska <del>Shinde</del> Pandit, PBL, Practioner, Vishwaniketan IMEET

This workshop on Project Based Learning was specially organised for First Year students of division B. Trainers conducted these workshops scheduled on different dates as mentioned in the table. PBL sessions are student centered which involves a dynamic classroom approach, in which it is believed that students acquire a deeper knowledge through active exploration of real world challenges and problems. PBL helps students to think out of box. This activity builds a new pathway for engineering students for a more practical approach, towards product development and to establish more innovative and sustainable designs to match industry standards.

12/05/2021	31	Dr Vikas Shinde, Director, Project Based Learning Centre of Excellence, ViMEET
29/8/2020	39	Dr Vikas Shinde, Director, Project Based Learning Centre of Excellence, ViMEET

This workshop on Project Based Learning was specially organised for First Year students of division A. Trainers conducted these workshops scheduled on different dates as mentioned in the table. PBL sessions are student centered which involves a dynamic classroom approach, in which it is believed that students acquire a deeper knowledge through active exploration of real world challenges and problems. PBL helps students to think out of box. This activity builds a new pathway for engineering students for a more practical approach, towards product development and to establish more innovative and sustainable designs to match industry standards.

To,

Dr. Vikas Shinde

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Project Based Learning Workshop session of first year engineering students on 8/3/2021. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

Regards

## Boot Camp

**DATE:** 13/03/2020

**ACTIVITY:** Boot Camp

**PARTICIPANTS:** First Year Engineering Students

**Name of Expert:** Dr. Sharvari Sane

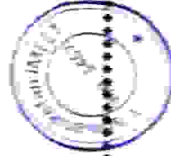

Collapses of Boot Camp Activity

Vishwaniketan is known as PBL practitioner institute, along with Business Club we are giving the training of Business Modeling to the students, which consist of problem statement, Business Canvas and basic information of entrepreneurship. First Year Engineering Students are encourage to participate in this activity enthusiastically. This is a group activity in which each group of students are encouraged to identify one problem of the society and they are advised to provide tentative solution of that problem and also motivated to develop a business model for that solution. This activity was attended by 80 students. We have patented **BEE Lab** from Arhus University, Denmark which is invented by Dr. Peter Ungdren. Dr. Sharvari Sane is trained from Arhus University, and heads this activity.

To,

Dr. Sharvari Sane

HOD Electrical, Vishwaniketan's iMEET

Respected Ma'am,

Please accept our profound thanks for taking out the time from your busy schedule for Boot Camp on Business Modeling of first year engineering students on 13/3/2020. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

Regards

Shivani Agrawal

## WORKSHOP ON ROBOTICS

TOPIC: Robotics

DATE: 7/4/2017

TRAINER: Mr. Samson Stephen

Training session on Robotics was arranged for students of First Year Department. This session was conducted by Mr. Stephen Samson, total 18 students from different branches attended this informative session on Robotics. Purpose of this session was to introduce students and to make them familiar with this technology. Students get acquainted with this new branch of engineering that involves the conception, design, manufacture, and operation of robots.

## MOTIVATIONAL WORKSHOP ON GOAL SETTING

DATE: 1/8/2017

TRAINER: Mr. Manoj Ambike

Founder, Director of Mirror Systems, Pune

PARTICIPANTS: Students of First Year Engineering

Glimpses of Goal Setting Workshop (Take Flight)

This Workshop was very informative and motivational for the students. Mr. Ambike conducted many activities for the students, to encourage them and to help them to overcome with stage fear. He Shared all about the rabbits in ever body's life, means all the activities which distracts any person. At the end of the session Mr Ambike shared some questions with the students. All the participants were very happy and were highly motivated by this session. It was attended by 174 students from First Year Engineering.

To,

Mr. Manoj Ambike

Founder, Director of Mirror Systems, Pune

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Motivational Workshop of first year engineering students on 1/8/2017. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

### JEEVAN RAKSHAK PROGRAM

**DATE: 27/2/2020 & 28/2/2020**

**TRAINER: Ms. Sarika Rathore**

**Name of Agency: Save Life Foundation, New Delhi**

**PARTICIPANTS: Students of First Year Engineering**

Glimpses of Jeevan Rakshak Programme

Every year many people die due to road accidents or delay in getting proper medical assistance. Workshop on road safety laws and guidelines were conducted for students of First Year Engineering. Jeevan Rakshak Program taught First Year Engineering students of Vishwaniketan's iMEET, how to deal with emergency and medical procedures to help patients met with serious injuries and also help them to recover. This activity organised for the students to make them understand a sense of social responsibility.

At the end of this activity students understand the importance of road safety measures and laws. Around 105 students attended this workshop.

Academic Year 2019-20

## Notice

Date: 24.02.2020

Dear Parents,

Department of First Year Engineering is organizing One Day training "Jeevan Rakshak Program" on Road Safety and Health Care in collaboration with Save Life foundation India for our students as per following schedule.

Day	Date	Division	01.35-02.30pm	02.30-03.25pm	03.25-04.20pm
Thursday	27.02.2020	B	Jeevan Rakshak Program (Room No. A110)		
Friday	28.02.2020	A	Jeevan Rakshak Program (Room No. A110)		

Students are advised to take part in above mention program enthusiastically.

**Attendance in above mention program is mandatory.**

To,

Mrs. Sarika Rathod

Save Life Foundation, New Delhi.

Respected Madam,

It's my great honor and pleasure as I am writing this letter to invite you as a prominent speaker for Jeevan Rakshak workshop for first year engineering students from 27.2.2020 – 28.02.2020.

Your valuable guidance will motivate students. Looking forward for your acceptance.

practises to operate at the intersection of policy-making and grassroots implementation for crash prevention as well as post-crash response.  
For more info please visit our website <https://savelifefoundation.org/>

According to the Planning Commission, Government of India, 50% of all road crash deaths can be prevented if proper care is provided to the victim within the critical "Golden Hour". In India, the main reason why most victims are unable to access care is the missing emergency medical services (EMS) system in most parts. Ambulances, where available, lack capacity, are ill-equipped and used only for patient transportation rather than decisive medical intervention.

The assistance provided by a trained first responder, who is present at the scene of the collision is a fundamental element in preventing morbidity and mortality.

Given that police personnel along with bystanders are generally the first to arrive at the scene of a road crash or emergency, it is essential that they be trained to become medical first responders to provide life-saving care to victims.

**SaveLIFE Foundation is working with MSRDC, Govt of Maharashtra and Volkswagen group on Old Mumbai Pune Highway for the cause of Road Safety.** In this regard we provide Life Saving Skills (Basic Trauma Life Support (BTLS)) Training to Bystander/Volunteer/students, enabling them to respond appropriately in emergency situations resulting in a reduction in mortality and morbidity. The training covers the following elements:

- To recognise an emergency
- First contact with the victim
- Scene safety
- Opening an airway
- Cardiopulmonary Resuscitation (CPR)
- Spine Immobilisation
- Controlling bleeding
- Special scenarios (Bomb blasts, choking, electrocution, heart attack etc)
- Lifting and Moving Patient

As per our Discussion the training dates are confirmed on 27th and 28th Feb 2020 and the timing will be 1:45pm to 4:15pm.

In case of any query please feel free to contact me.

Thanks & Regards,  
Sarika Rathore  
BTLS Trainer

## WORKSHOP ON ROAD SAFETY

DATE: 19.3.2018

TRAINER: Mr. Jitendra Sawant

PARTICIPANTS: Students of First Year Engineering

Glimpses of Road Safety Training

Many people die due to road accidents or delay in getting proper medical assistance. One day activity on road safety rules and guidelines were conducted for students of First Year Engineering by Mr. Jitendra Sawant, who works as NGO in this field, taught students how to deal with emergency and medical procedures to help patients met with serious accidents and also how to help them to recover. This activity was organised for the students to make them understand a sense of social responsibility. Total 31 students participated in this workshop. At the end of this activity students understand the importance of road safety measures and laws.

To,

Mr. Jitendra Sawant

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Workshop on Road Safety of first year engineering students on 19/3/2018. We are thankful to you for sharing your expertise views with students. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

## INDUSTRIAL EXPERT TALK

TOPIC: ARTIFICIAL INTELLIGENCE & MACHINE LEARNING

DATE: 3/06/2021

SPEAKER: Mr. Arvind Jaiswal,

Trainer, India First Robotics Innovation & Research LLP, Pune

PARTICIPANTS: First year students of AIML & Computer Engineering.

Machine learning (ML) is a type of artificial intelligence (AI) that allows software applications to become more accurate at predicting outcomes without being explicitly programmed to do so. Machine learning is popularly used to detect fraud detection, spam filtering, malware threat detection and predictive maintenance.

**Students of Vishwaniketan's iMEET are here by informed that  
an event of First Year Engineering has arranged industrial expert  
workshop on AIML per following schedule:**

**Name of Expert:** Mr.Arvind Jaiswal, Trainer, India First Robotics,  
Pune  
**Date:** 03.06.2021  
**Day:** Thursday  
**Time:** 12.30 — 1:30pm  
**Mode of conduction:** Online (Through Zoom Meeting)  
Students are advised to participate as per above mention schedule.

Shivani Agrawal is inviting you to a scheduled Zoom meeting.

**Topic:** AIML

**Time:** Jun 3, 2021 11:00 AM Mumbai, Kolkata, New Delhi Join Zoom  
Meeting

To,

Mr. Arvind Jaiswal

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Industrial Talk session of first year engineering students on 3.6.2021. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

Regards

## INDUSTRIAL EXPERT TALK

TOPIC: Python Robotics

DATE: 21/06/2021

SPEAKER: PROF CHINMAY ROHEKAR

PARTICIPANTS: First Year students from Mechanical & Civil.

Expert talk session on Python Robotics technology was arranged for students of First Year Department. This session was conducted by Mr Chinmay Rohekar, and total 42 students from Mechanical and Civil branch attended this informative session on Python. Purpose of this session was to introduce students and to make them familiar with this technology. Python is an interpreted, object-oriented high level language, it is designed to be used in range of many applications, which includes data science, software and web development, automation etc. It is the most popular language because of its user friendliness.

## INDUSTRIAL EXPERT TALK

TOPIC: AUTOCAD & 3D PRINTING

DATE: 3/06/21

TRAINER: MR VIJAY BHAMBRI

KRITIKA TECHNICAL ACADEMY

PARTICIPANTS: STUDENTS FROM MECHANICAL & CIVIL BRANCH.

Expert session on Autocad & 3D printing was organised for First Year students, from Vimeet. Mr Vijay Bhambri, from Kritika Technical Academy, New Delhi; helped students to understand the basic commands and tools necessary for professional 2D drawing, and drafting design. The wide-spread applications of 3D Printing in various domains is of more commercial and technical aspects. This session was attended by total 15 students from mechanical and civil branch.

# Value Addition Programme / Industrial Expert Session Drone Technology

Date: 13.12.2019

Name of Agency: India First Robotics Innovation & Research LLP. Pune

Trainer: Mr. Mohan Kshirsagar

Participants: Students of First Year and Other Branches of Engineering.

Technical sessions on Drone Technology was arranged for First Year students as well as for other engineering branches. This session was conducted by Mr. Mohan Kshirsagar, from India First Robotics, Pune. Total 118 students from First Year, Mechanical, Electronics & Telecommunications and Computer Engineering opted for the further hands on training on this technology.

Drones are flying robots that can be remotely controlled or fly autonomously using software – controlled flight plans in their embedded systems.

Are excellent for doing high- quality aerial work from photography, surveillance to farming, it has perfect accuracy and is very dependable. Drones are used around the whole world to check the overall stability of several species.

To,

Mr. Nilesh Patil

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Industrial Talk session of first year engineering students on 1.11.2017. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

Regards

## INDUSTRIAL EXPERT TALK

TOPIC: AUTOCAD

DATE: 14/11/2016

TRAINER: Mr. Nilesh Patil

COMPANY: Lear Corporation Pvt Ltd, Pune

PARTICIPANTS: Students from Mechanical & Civil branch.

Expert talk session on Autocad printing was organised for First Year students, from Vimeet. Mr Nilesh Patil helped students to understand the basic commands and tools of Autocad and its applications.

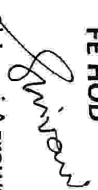

This session was attended by total 59 students from mechanical and civil branch.

Respected Sir,  
Please accept our profound thanks for taking out the time from your busy schedule for industrial Talk session of first year engineering students on 30.11.2018. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.  
We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

## Industrial Expert Talk Engineering Drawing

Date: 11.11.2016

Trainer: Mr. Abhijeet Mandave

Participants: Students of First Year Engineering

Department of First Year Engineering organised an expert talk session on Engineering drawing, this session was conducted by Mr Abhijeet Mandave, who is a VAP trainer. Total 121 students from First Year Department ViMEET participated in this session.

Engineering drawing is used to convey information about an object with the help of technical drawing. This session helped students to take data and transform it into drawing formats and also to learn that usually number of drawings are necessary to completely specify even a simple component.

**C Programming**

**Date:** 1.11.2017

**Name of Agency:** Adefico, New Delhi

**Trainer:** Mr. Rohit Kumar

**Participants:** Students of First Year Engineering

Department of First Year Engineering organised an expert talk session on C Programming, this session was conducted by Mr. Rohit Kumar, who is a professional trainer from Adefico. Approx. 94 students from First Year Department VIMEET participated in this session.

This session helped students to understand basics of programming language including importance of various topics like Loops, Arrays, String, Functions & pointers, etc.

To,

Mr. Rohit Kumar

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Industrial Talk session of first year engineering students on 1.11.2017. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during session, it was the most worthwhile experience for them to be a part of this program.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions. We hope it makes a positive difference among the students.

## Industrial Expert Talk C Programming

**Date:** 30.11.2018

**Name of Agency:** Adefico, New Delhi

**Trainer:** Mr. Rohit Kumar

**Participants:** Students of First Year Engineering

Department of First Year Engineering organised an expert talk session on C Programming, this session was conducted by Mr. Rohit Kumar, who is a professional trainer from Adefico . Total 98 students from First Year Department ViMEET participated in this session.

This session helped students to understand basics of programming language including importance of various topics like Loops, Arrays, String, Functions & pointers, etc.

**Business Club Presented by Samved Mantri, Anish Shah and team.**

EVs are vehicles that are either partially or fully powered on electric power. Electric vehicles have low running costs as they have less moving parts for maintaining and also very environmentally friendly as they use little or no fossil fuels (petrol or diesel). Solar power is the generation of electricity from sunlight. The sun's rays are our planet's most plentiful source of energy. In fact, the earth receives more energy from the sun in one hour than our planet uses in an entire year. The policies are implemented to promote national energy independence, high tech job creation and reduction of CO2 emissions.

**Business Club Case Studies Presented by Pradnyesh Patil, Yash Mhatre.**

SpaceX utilizes an Artificial Intelligence fuelled autopilot program to explore them securely from send-off to the ISS docking port. AI works by calculating parabolic flight, fuel usage and reserves, weather and a number of other factors that could impact the flight. The AI uses this information to establish the safest as well as fastest flight path. Semiconductors are substances with properties somewhere between them. ICs (integrated circuits) and electronic discrete components such as diodes and transistors are made of semiconductors. Common elemental semiconductors are silicon and germanium. Silicon is well-known of these. Silicon forms most of ICs.

**Business Club case study presented by Suraj nayak and Revan Vishwakarma.**

Business Club Meetings are professional forums where students discuss on future technologies. It inculcates professionalism, team spirit, thinking ability, problem solving approach among students. optical fiber is a hair thin cylindrical fiber of glass or any transparent dielectric medium. The fiber which are used for optical communication are wave guides made of transparent dielectrics. Its function is to guide visible and Infrared light over long distance.

VIMEET

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 2-4-2021.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future. Looking forward for your acceptance.

Regards's

Dr Nidhi Singh/Prof Vini Nair

To,  
Prof. Bhavesh Pasi  
HOD Mechanical.  
VIMEET

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 2-4-21. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Regards

  
Dr. Nidhi Singh/ Prof. Vini nair  
Business Club Coordinator

Date: 11/05/2021

Vishwaniketan's Institute of Management Entrepreneurship & Engineering  
Technology (IIMEET)

**BUSINESS CLUB**

**Notice**

The Business Club meeting will be held on 14.05.2021 at 02.00 pm to 04.00 pm. : online session for Division A, B.

**Agenda:**

- ❖ Yash Chorge

1. Business News:

- ❖ Shreyas Kengar

2. Case study 1:

Topic "Computer Processor (Technology CPU)"

- ❖ Sayali Kamble
- ❖ Anushka Sarge
- ❖ Sushant Pawar

3. Technical Quiz by

- ❖ Rohit Deshmukh
- ❖ Shubham Bandal

4. Case study 2:

Topic "ISRO (Technology AIML)"

- ❖ Aditya Asabe
- ❖ Mohini Jadhav
- ❖ Manish Jadhav
- ❖ Mrunali Kurne

  
Business Club Coordinator

Dr. Nidhi Singh & Prof. Vinod Wair

**Business Club case study presented by Sushant Pawar and Aditya Asabe.**

Mixture of technology and education opens up endless possibilities. Thus, the use of technology brings about various delivery methods. It has access to a massive amount of information, global interaction to enhance learning, and excellent examples through simulations and models. Business Club Meetings are professional forums where students discuss on upcoming technologies. It moulds students to get acquainted with upcoming technologies, market scenarios, entrepreneurship, professionalism, team work. Every Business Club meeting students chooses future technologies like smart phones, Apple and gain an in and out knowledge about the topic which is further imparted to other students in the form of presentations.

Business Club case studies presented by Yash Singh, yashraj Singh.

Country Delight engages directly with the farmer, eliminating all middle men, pays the farmer a premium for his milk, follows ethical procurement practices, invests in cold chain and quality testing infrastructure at the farmer's location, and improves the working capital cycle of the farmer by paying him earlier as compared to others. Essentially, the business empowers the farmer to grow and to give the right product. Google Pay is a mobile service that enables users to purchase products and services using a compatible android phone with an NFC chip. You can also use Google Pay with a tablet or watch. This online payment system and digital wallet provides a convenient solution for customers in the digital world.

Technology (iMEET)

**BUSINESS CLUB**

**Notice**

The Business Club meeting will be held on 28.05.2021 at 02.00 pm to 04.00 pm in online session for Division A, B.

**Agenda:**

- ❖ Vivek Verma
- 1. Business News:
  - ❖ Dnyaneshwar Saruk

2. Case study 1:

Topic "Gaming (Industry : Rockstar games)"

- ❖ Abhinandan Mokal
- ❖ Rutik Mene
- ❖ Pranit Mali
- ❖ Shubham Salunkhe

3. Technical Quiz by

- ❖ Vivek Verma

4. Case study 2:

Topic "Microsoft (Microsoft underwater Data Centre)"

- ❖ Mihir Mhatre
- ❖ Shreyas Chitnis
- ❖ Swaraj Zavare
- ❖ Aditya Natikar

  
  
Business Club Coordinator  
Dr. Nidhi Singh & Prof. Vini Nair

1. Dnyaneshwar Sanuk

**Technical Quiz: -**

1. Vivek Verma

**Name of Guest :- Dr. S B Kadam**

**NO OF STUDENTS PARTICIPATED: 65**

**Business Club case study presented by Aditya Natikar, Swarak Jaware.**

The gaming industry is all about innovation. New technologies, new controls, and new experiences are expected. As more and more people play games, create demand for immersive entertainment, and seek easier access to games, the industry's future looks bright. Mixture of technology and education opens up endless possibilities. Thus, the use of technology brings about various delivery methods. It has access to a massive amount of information, global interaction to enhance learning, and excellent examples through simulations and models. Business Club Meetings are professional forums where students discuss on upcoming technologies.

To,

M. S. R. Kadam

Vice Principal,

VINILT

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 28-5-2021.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future.  
Looking forward for your acceptance.

Regards'

To

Dr. S. B. Kadam

Vice Principal,

VIMEET

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 28-5-21. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Regards

  
Dr. Nidhi Singh/ Prof. Vini nair

BUSINESS CLUB PRESENTATION:- A

DATE:4.6.2021

COORDINATORS: Dr. Nilhi Singh & Prof. Vinil Nair

PARTICIPANTS: Students of First Year

Topic:

Prerayan Kohate

Case Study 1 :  
Artificial Intelligence in Agriculture

Prerayan Kohate

Rohan Patil

Sahil Patil

Aditya Shelke

Yash Thakur

Case Study 2:

Digital Marketing(Amazon)

Yashwini Inamdar

Sanika Dabir

Rutulisha Kedari

TEMS:

Aryan Kohate

Technical Quiz:

Devansh Rane

Name of Guest :- Prof Bhavesh Pasi

NO OF STUDENTS PARTICIPATED: 74

Business Club case study presented by Sanika Dabir, Yash Thakur.

Use of technology and education opens up endless possibilities. Thus, the use of technology brings about various delivery methods. It has access to a massive amount of information, global interaction to enhance learning, and excellent examples through simulations and models. Business Club Meetings are professional forums where students discuss on upcoming technologies. It moulds students to get acquainted with upcoming technologies, market scenarios, entrepreneurship, professionalism, team work. Every Business Club meeting students chooses future technologies like smart phones, Apple and gain an in and out knowledge about the topic which is further imparted to other students in the form of presentations.

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 4-6-2021.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future.  
Looking forward for your acceptance.

Regards

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 4-6-2021. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

**Business Club case study presented by Suraj nayak and Revan Vishwakarma.**

Business Club Meetings are professional forums where students discuss on future technologies. It inculcates professionalism, team spirit, thinking ability, problem solving approach among students. An electric vehicle (EV) is an automotive vehicle that uses one or more electric motors for propulsion. It can be powered by a collector system, with electricity from extravehicular sources, or it can be powered autonomously by a battery.

Vishwaniketan's Institute of Management Entrepreneurship & Engineering  
Technology (IMEET)

BUSINESS CLUB

## Notice

The Business Club meeting will be held on 09.07.2021 at 02.00 pm to 04.00 pm in online session for Division A, B.

**Agenda:**

- ❖ Swamini Adhikari
- ❖ Business News:
  - ❖ Swamini Adhikari

2. Case study 1:

Topic "Blue eye technology (Company Tesla)"

- ❖ Aditya Singh
- ❖ Harsh Deshpande
- ❖ Vishwajeet Patil
- ❖ Sneha Shelke

3. Technical Quiz by

- ❖ Omkar Dubal

4. Case study 2:

Topic "Virtual Reality"

- ❖ Sahebraju Peerjade
- ❖ Omkar Shingare
- ❖ Yogeshwar Bhangale
- ❖ Siddhant Dnyane

  
  
Business Club Coordinator  
Dr. Nidhi Singh & Prof. Vini Nair

Academic year 2020-2021

**BUSINESS CLUB PRESENTATION:- 6**

DATE: 9-7-2021

CD- ORDINATORS: Dr. Mihni Singh & Prof. Vimi Nair

PARTICIPANTS: Students of First Year

**Agenda:**

1. Swamini Adhikari

**Case Study 1:**

Blue Eye Technology (Tesla)

1. Aditya Singh

2. Mayuresh Vaidya

3. Shifa Gadwal

**Case Study 2:**

Virtual Reality

1. Sahabiraju Peerajde

2. Omkar Shingare

3. Yogeshwar Bhargale

4. Siddhant Dnyane

**NEWS:**

1. Swamini Adhikari

**Technical Quiz:-**

1. Omkar Dubal

**Name of Guest :- Dr. S B Kadam**

**NO OF STUDENTS PARTICIPATED: 75**

**Business Club case study presented by Swamini Adhikari, Omkar Shingare.**

Mixture of technology and education opens up endless possibilities. Thus, the use of technology brings about various delivery methods. It has access to a massive amount of information, global interaction to enhance learning, and excellent examples through simulations and models. Business Club Meetings are professional forums where students discuss an upcoming technologies. It moulds students to get acquainted with upcoming technologies, market scenarios.

entrepreneurship, professionalism, team work. Every Business Club meeting students chooses future technologies like smart phones, Apple and gain an in and out knowledge about the topic which is further imparted to other students in the form of presentations.

To,

Mr. S. B. Kadam

Vice Principal,

VIMEET

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 9-7-2021.

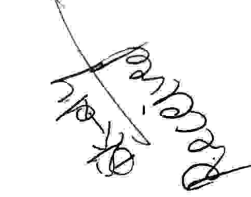

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future. Looking forward for your acceptance.

Regards

  
Dr. Nidhi Singh/Prof. Vini Nair

To,

D. S. D. Kadam

Vice Principal,

VIMEET

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 9-7-2021. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Regard's

Dr. Nidhi Singh/ Prof. Vini nair

Business Club Coordinator

Prof. Shiyani Agrawal

BUSINESS CLUB

Notice

The Business Club meeting will be held on 16.07.2021 at 02.00 pm to 04.00 pm in online session for Division A, B.

Agenda:

- ❖ Rohan Dalvi
- 1. Business News:
  - ❖ Rohan Dalvi

- 2. Case study 1:

Topic "Telicom Industry (Jio)"

- ❖ Akshay Jangam
- ❖ Shravan Gophan

- 3. Technical Quiz by

- ❖ Aman Patil

  
Business Club Coordinator

Dr. Nidhi Singh & Prof. Vini Nair

HOD

Prof. Shivani Agrawal

Academic year 2020-2021

**BUSINESS CLUB PRESENTATION - 7**

DATE:16-7-2021

CO-ORDINATORS: Dr. Nidhi Singh & Prof. Vinil Nair

PARTICIPANTS: Students of First Year

**Agenda**

1. Rehan Dalvi

**Case Study 1**

Telecom Industry (Jini)

1. Akshay Jangam

7. Shrawan Gophan

**NEWS:**

1. Rehan Dalvi

**Technical Quiz**

1. Aman Patil

**Name of Guest :- Dr. B. R. Patil**

**NO OF STUDENTS PARTICIPATED: 90**

Business Club case study presented by Akshay Jangam, Shrawan Gophan.

Modern telecommunications industry players produce communication equipment and deliver a set of voice, data, and broadband services using wireline or wired infrastructure of cables, networks, servers, computers, and satellites. In this article, we will define the telecom industry and discuss some of the key business drivers. Mixture of technology and education opens up endless possibilities. Thus, the use of technology brings about various delivery methods and to a massive amount of information, global interaction to enhance learning, and excellent examples through simulations and models. Business Club Meetings are professional forums where students discuss on upcoming technologies.

To,  
Dr. B R Patil  
Principal,  
VIMEET

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 16-7-2021.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future. Looking forward for your acceptance.

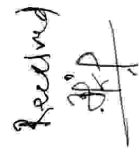

Regards

  
Dr. Nidhi Singh/Prof. Vini Nair

Business Club Coordinator

To,

Dr. B. R. Paul

Principal,

VIMEET

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 16-7-2021. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Regards's

  
Dr. Nidhi Singh/ Prof. Vini nair

Business Club Coordinator

Business Club Case Studies presented by Chaitanya Gharat, Sachin Singh.

Telecommunications has become an increasingly important basic industry, which bodes well for its future prospects and continued growth. The continuing advances in high-speed mobile services and Internet connectivity between devices keep driving innovation and competition within the sector. Much of the industry focus is on providing faster data services, especially in the area of high-resolution video at the same time Digital marketing is extremely important in today's day and age. It helps focus on targeted audience with a global reach, unlike traditional marketing, bringing in high revenue with little investment today's digital marketing age plays a huge role in the tourism industry. It can help businesses understand consumer behaviour, make customer conversations easier and also enhance their offerings with the aim of maximum customer satisfaction.

With technology growing faster than ever before, the future of technology is even more interesting than what is happening now. Electric vehicles have the potential to reduce emissions and help to address climate change. It helps to replace combustion engines in many instances. EV's are growing in popularity. It is nearly three times as efficient as cars with an internal combustion engine. An electric car is safer to use, given their lower centre of gravity, which makes them much more stable on the road in case of a collision. Cyber security is important because it protects all categories of data from theft and damage. This includes sensitive data, personally identifiable information (PII), protected health information (PHI), personal information, intellectual property, data, and governmental and industrial information systems.

Respected Maam,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 13-9-2019.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills , overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future.  
Looking forward for your acceptance

HOD Computer,

ViMEET

Respected Maam,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 13-9-2019. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills , overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

The Defence Research and Development Organization or DRDO was set up in 1958 and hence, it is the supreme body of researching, monitoring, regulating and administering the India Defence Research and Development Program whereas Wireless communication involves the transmission of information over a distance without the help of wires, cables or any other forms of electrical conductors. Wireless communication is a broad term that incorporates all procedures and forms of connecting and communicating between two or more devices.

Business Club Case Studies presented by Chaitanya Gharat, Sachin Singh.

Due to the rapid growth of auto component manufacturers and automobile industries, there is a great demand for Autom  
Engineers. Artificial Intelligence (AI) is transforming the automobile industry rapidly; it has become an essential component of the  
drive technology. The enormous amount of data collected through connected devices and services is the main enabling factor in  
success of AI applications in any industry. Lineage OS or Lineage OS is a free and open-source operating system. It sees us  
smartphones, tablets, and other devices. It is based on the Android mobile platform with extra features that makes your device r  
powerful and more customizable

To,

Prof. Charusheela Pandit

HOD Computer,

VIMEET

Respected Maam,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 9-10-2019. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which In exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Regards

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 17-1-2020. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Regards

Business Club Presented by Rahul Shinde and Team

With data growing faster than ever before, the future of technology is even more interesting than what is happening now. Electric vehicles have the potential to reduce emissions and help to address climate change. It helps to replace combustion engines in many instances. EV's are growing in popularity. It is nearly three times as efficient as cars with an internal combustion engine. An electric car is safer to use, given their lower centre of gravity, which makes them much more stable on the road in case of a collision.

Business Club Case Studies Presented by Pratap Sawant, Sohan Bhagat.

The advancement of technology generally evokes a range of emotions in people from all walks of life. Brain-Computer Interface (BCI) is a system that measures central nervous system (CNS) activity and converts it into artificial output that replaces, restores, enhances, supplements, or improves the natural CNS output and thereby changes the ongoing interactions between the CNS and its external or internal environment.

Business Club Case Studies Presented by Prathamesh Khanvilkar, Pratik Patil.

Tata Motors was founded in 1945, as a locomotive manufacturer. Tata Group entered the commercial vehicle sector in 1954 after forming a joint venture with Daimler-Benz of Germany. After years of dominating the commercial vehicle market in India, Tata Motors entered the passenger vehicle market in 1991 by launching the Tata Sierra, a sport utility vehicle based on the Tata Mobile platform.

To,

Mr. S. B. Kadam

Vice Principal,

ViMEET

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 26-2-2020.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future.  
Looking forward for your acceptance

Regards

Dr Nidhi Singh /Prof Vini Nair

To,

Mr. S B Kadam

Vice Principal,

ViMEET

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 26-2-2020. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills , overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Regards

Business Club Case Studies Presented by Pratap Sawant, Sohan Bhagat.

"Technology innovation" gives a sense of working on technology for the sake of technology. "Technological innovation" reflects the business consideration of improving business value by working on the product or services' technological aspects. The combination, integration, and interaction of different make the product or service successful Business Club Meetings are professional forums where students discuss on upcoming technologies. It moulds students to get acquainted with upcoming technologies, market scenarios, entrepreneurship, professionalism, and team work. Every Business Club meeting students choose future technologies like Start-ups Artificial Intelligence and gain an in and out knowledge about the topic.

Business Club case studies Presented by Samrukh, Mritujay pandey and team.

With so much focus today on caring for and saving the environment for a better tomorrow, organizations looking to cloud computing is a big step forward. Hosting on the 'cloud' is more environmentally friendly and results in a smaller carbon footprint. Using the 'cloud' helps organizations to cut down on hardware, reduces paper waste, and since it allows accessibility from any location with an internet connection, it reduces emissions related to travel and movement where Cloud gaming, also referred to as "gaming on-demand," allows users to stream and play video games directly from the cloud instead of a specific hardware or gaming device. Cloud gaming has the ability to stream and play high-definition games. With some specific requirements.

Business Club Case Studies Presented by Pratik Mishra, Ramkrishna Bhatt.

Emerging technologies play a vital role in the modernization of industries. Business Club presentations of technologies help in transforming enterprises into a digital world. Whenever the word technology comes, there is always something new and the hunt to develop and implement a new technology that could enhance businesses. Virtual Reality (VR) is the use of computer technology to create a simulated environment. Virtual Reality's most immediately-recognizable component is the head-mounted display (HMD). Human beings are visual creatures, and display technology is often the single biggest difference between immersive Virtual Reality systems and traditional user interfaces. Electric cars are 100 percent eco-friendly as they run on electrically powered engines. It does not emit toxic gases or smoke in the environment as it runs on a clean energy source. They are even better than hybrid cars as hybrids run on gas producing emissions. Electric Vehicles to a healthy and green climate.

Respected Maam,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 24-1-2019.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills , overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future. Looking forward for your acceptance

Respected Maam,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 24-1-2019. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Business club case studies presented by Nikhil Patil, Nishant Patil, Swati Mohite

The advancement of technology generally evokes a range of emotions in people from all walks of life. In today's digital ecosystem, telecommunication has become the foundation for businesses, governments, communities, and families to seamlessly connect and share information whereas Automation engineering includes higher production rates and increased productivity, more efficient use of materials, better product quality, improved safety, shorter workweeks for labour, and reduced factory lead times, worker safety is an important reason for automating an industrial operation.

Guidance of Business Club presentation by Dr Inamdhar, Case Studies presented by Samrudh Uchil, Pavan kulkarni.

Machine learning gives enterprises a view of trends in customer behaviour and business operational patterns, as well as supports the development of new products. Many of today's leading companies, such as Facebook, Google and Uber, make machine learning a central part of their operations. Machine learning is changing the world by transforming all segments including healthcare services, education, transport, food, entertainment, and different assembly line and many more. It will impact lives in almost every aspect, including housing, cars, shopping, food ordering etc. whereas automated machines have taken over the duties of dangerous and mundane jobs from humans, allowing greater productivity. Because robots never tire, extra shifts have been added to factories. Farmers have taken advantage of new technology with automated harvesters, the waste disposal industry has implemented robots in some of its dirtier jobs, and the medical industry benefits from advancements in assisted surgical robotics.

Business Club Case Studies Presented by Sanket Pawar and questions and answers addressed by audience.

The internet of things helps people live and work smarter, as well as gain complete control over their lives. In addition to offering smart devices to automate homes like smart appliances (stoves, refrigerators, washers and dryers, coffee machines, slow cookers), smart security systems, smart locks, smart doorbells, smart assistants (like Amazon Alexa or Apple's Siri), fitness trackers, sleep trackers, and smart scales. IOT allows companies to automate processes and save money on labour. It allows companies to reduce costs, increase safety, and improve quality from end-to-end, which translates to a win-win for everybody. As a result, consumer goods are less expensive to produce, shipping is more predictable, and companies can grow, stimulating our economy while delivering a sense of satisfaction we can take to the bank. Nanotechnology is hailed as having the potential to increase the efficiency of energy consumption, help clean the environment, and solve many health problems. It is said to be able to massively increase manufacturing production at significantly reduced costs.

The advancement of technology generally evokes a range of emotions in people from all walks of life. Embedded system is a microprocessor-based computer hardware system with software that is designed to perform a dedicated function, either as an independent system, or as a part of a large system. Embedded system applications range from digital watches and microwaves to hybrid vehicles and avionics. From video games development to computer creation, the gaming industry has grown exponentially thanks due to technological advances. A global movement against restrictions has enabled video games to become a way to meet new people, develop friendships, and stay in touch — all thanks to video games.

NAME OF GUEST: Dr. B R Patil

NO OF STUDENTS PARTICIPATED: 85

Business Club Case Studies Presented by Ritesh Khedkar, Soham raut.

Bridge construction is based on the use of specialized erection equipment. Beam launchers are used to erect precast beams. Self-launching gantries and lifting frames are used to erect precast segmental bridges. Forming carriages are used for segmental casting of the concrete slab of composite bridges whereas Embedded system is a microprocessor-based computer hardware system with software that is designed to perform a dedicated function, either as an independent system or as a part of a large system. Embedded system applications range from digital watches and microwaves to hybrid vehicles and avionics.

n A,

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 4-3-2019.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills , overall personality development. It also helps them to get acquainted with different future technologies, Business scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future. Looking forward for your acceptance .

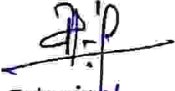

Regards

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 4-3-2019. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills , overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Business Club Case studies presented by Narendra Guru and feedback given by audience (Students)

Electrical safety is a system of organizational measures and technical means to prevent harmful and dangerous effects on workers from electric current, arcing, electromagnetic fields and static electricity. Electricity is a very serious workplace hazard and can cause significant injuries, and even death. Most workers would be surprised at how little electrical current can cause a serious injury or death of a worker. Bridge construction is based on the use of specialized erection equipment. Beam launchers are used to erect precast beams. Self-launching gantries and lifting frames are used to erect precast segmental bridges. Forming carriages are used for segmental casting of the concrete slab of composite bridges.

Cyber security refers to protecting systems connected to the internet from threats in cyberspace. It involves protecting software, data, and hardware and helps prevent cybercriminals from gaining access to devices or the networks. Automobile industry is the key driver of Indian economy. It plays a vital role in the economy and industrial development of India. It supports the development of some other industries by the procurement of raw material, those basic industries are metal, plastic, petrochemicals, rubber, and glass.

Business Club Case Studies Presented Tirth Upadhyaya, Rishabh Kumar.

Cyber security is the application of technologies, processes and controls to protect systems, networks, programs, Devices and data from cyber-attacks. It aims to reduce the risk of cyber-attacks and protect against the Unauthorised exploitation of systems, networks and technologies. Automation is a term for technology applications where human input is minimized. This includes business process automation (BPA), IT automation, personal applications such as home automation and more.

Respected Maam,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 30-1-2018.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future. Looking forward for your acceptance.

Respected Maam,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 30-1-2018. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

The advancement of technology generally evokes a range of emotions in people from all walks of life. Automation engineering includes higher production rates and increased productivity, more efficient use of materials, better product quality, improved safety, shorter workweeks for labour, and reduced factory lead times, worker safety is an important reason for automating an industrial operation. Game animation is often a complicated combination of different types of movement, animators make libraries of the movements, so they can reuse them for each character. They work in a way that makes best use of the game engine's technology and maximises the opportunities for game play and interactivity.

Business Club Meetings are professional forums where students discuss on future technologies. It inculcates professionalism, team spirit, thinking ability, problem solving approach among students. Smart homes provide insights into energy use that can help you become more energy efficient and mindful of ecological factors. Smart homes can pinpoint areas where you're using more energy than you need to, allowing you to cut back in those areas and save money.

**Business Club Case studies Presented by Harshada Tarange, Karan Mhatre.**

Mixture of technology and education opens up endless possibilities. Thus, the use of technology brings about various **delivery methods**. It has access to a massive amount of information, global interaction to enhance learning, and excellent examples through simulations and models. Business Club Meetings are professional forums where students discuss on upcoming technologies. It moulds students to get acquainted with upcoming technologies, market scenarios, entrepreneurship, professionalism, team work. Every Business Club meeting students chooses future technologies like smart phones, Apple and gain an in and out knowledge about the topic which is further imparted to other students in the form of presentations.

ATMEET

Respected Sir,

It is my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 20-1-2017.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future. Looking forward for your acceptance.

Yours sincerely,

Lt. Nidhi Singh

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 20-1-2017. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills , overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

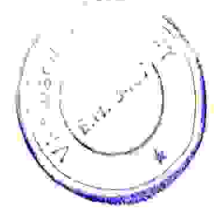

Regards

**.Business Club Case Studies Presented by Hrishikesh Kolpe, and Team**

Business Club Meetings are professional forums where students discuss on future technologies. It inculcates professionalism, team spirit, thinking ability, problem solving approach among students. Nowadays the scope of IoT is very wide and in near future IoT is able to capture almost all application. Energy saving is one of the important part of the society and IoT can assist in developing a smart energy control system that will save both energy and money. Gaming is not limited to entertainment and hobby, it has become a good career option for those who love creativity and have a passion to develop new video games. With the help of these Case studies (Presentations) students not only get acquainted with the technologies but also gets to know their areas of interest.

NAME OF GUEST: Prof. Swapna Manurkar

NO OF STUDENTS PARTICIPATED: 164

Business Club Case Studies presented by Ritendra Singh, Sarvesh Gharat, Saurabh Tiwari

Due to the rapid growth of auto component manufacturers and automobile industries, there is a great demand for Automobile Engineers. The major task of an Automobile Engineer is the designing, developing, manufacturing and testing of vehicles from the concept stage to the production stage at the same time Aerospace facilitates the inception of new ideas. These ideas affect the flight on Earth and space. The diversity of this field allows some Aerospace Engineers to focus on the aircraft on Earth while others study the spacecraft that operates beyond the Earth. Every week of business club, students get acquainted with two new technologies which boost not only their technical knowledge but also makes them aware about the different job opportunities prevailing in the market.

The advancement of technology generally evokes a range of emotions in people from all walks of life. Google generates most of its revenues from advertising it allows website owners to track where and how people use their website. Google advertisements can be placed on third-party websites in a two-part program. Cyber security comes down to the desire to keep information, data, and devices private and safe. In today's world, people store vast quantities of data on computers and other internet-connected devices. Companies need cyber security to keep their data, finances, and intellectual property safe.

Due to the rapid growth of auto component manufacturers and automobile industries, there is a great demand for Automobile Engineers. The major task of an Automobile Engineer is the designing, developing, manufacturing and testing of vehicles from the concept stage to the production stage at the same time. The gaming industry is all about innovation. New technologies, new controls, and new experiences are expected. As more and more people play games, create demand for immersive entertainment, and seek easier access to games, the industry's future looks bright.

**Business Club Case Studies Presented by Akshay Khot, Mayur shinde**

Technology makes it possible to perform everyday tasks faster and with less energy on our part.

- **Invention** - the creation of a new product or process
- **Innovation** - the application of the invention for the first time
- **Diffusion** - how fast others begin to adopt the innovation

Apple completed numerous acquisitions to create a portfolio of digital media production software for both professionals and consumers. The first announcement came on March 24, 2001, that Apple was nearly ready to release a new modern operating system, Mac OS X. The announcement came after numerous failed attempts in the early 1990s, and several years of development. Mac OS X was based on NeXTSTEP, OPENSTEP, and BSD Unix, with Apple aiming to combine the stability, reliability, and security of Unix with the ease of use afforded by an overhauled user interface, heavily influenced by NeXTSTEP. To aid users in migrating from Mac OS 9, the new operating system allowed the use of OS 9 applications within Mac OS X via the Classic Environment.

The business club meeting will be held on **21.03.2017** at **3:20 pm** in **Old Seminar Hall** for division **C, D**

The agenda will be as follows

- ❖ The Business News will be delivered by
  - HRUTVIK OWAL

- Case Study 1 will be presented by:
  - JALINDAR PEDGE
  - SHUBHAM KHEDEKAR

On the topic, AUTOMOBILE

- The technical Quiz will be presented by:
  - DIPIKA SHARMA
  - PRATIKSHA SALVEKAR

Prof Asmita Patil

BUSINESS CLUB PRESENTATION:- 2

DATE: 21/3/2017

CO- ORDINATORS: Dr. Nidhi Singh & Prof. Asmita Patil.

PARTICIPANTS: Students of First Year

Case Study 1 : Automobiles

1. Jalinder Pedge
2. Shubham Khedekar

NEWS:

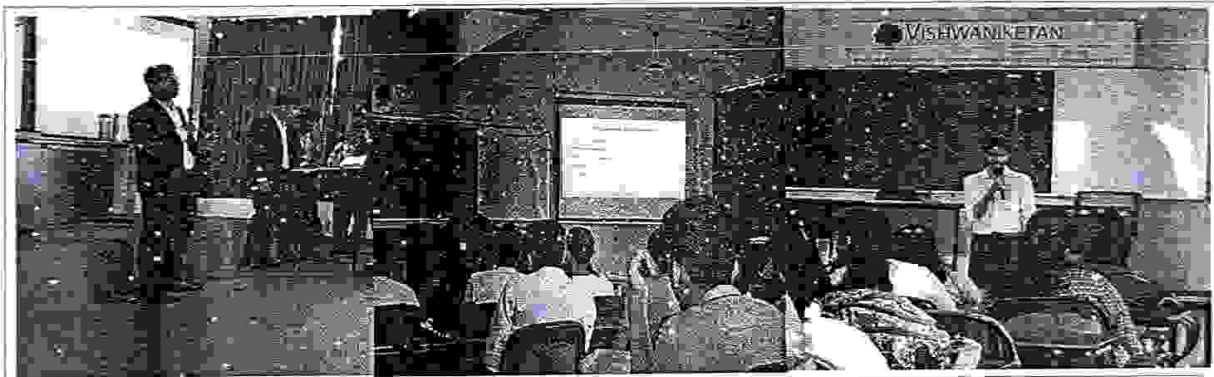

1. Hrutvik Owai

Technical Quiz:-

1. Dipika Sharma
2. Pratiksha Salvekar

NAME OF GUEST: Dr Vikas Shinde

NO OF STUDENTS PARTICIPATED: 77

Business Club Case studies presented by Shubham Khedekar, Jalinder Pedge

Business Club inculcates professionalism, team spirit, thinking ability, problem solving approach among students. Automobile industry is the **key driver of Indian economy**. It plays a vital role in the economy and industrial development of Indian. It supports the development of some other industries by the procurement of raw material, those basic industries are steel, metal, plastic, petrochemicals, rubber, glass etc.

To,

Dr Vikas Shinde  
Director PBLCOE,  
VIMEET

Respected Sir,

It's my great honor and pleasure as I am writing this letter to invite you as a Guest for Business Club Presentations of first year engineering students on 21-3-2017.

This Business Club presentation, is a part of SEED Programme and creates a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

Your Valuable suggestions, opinions will motivate students to perform better in near future. Looking forward to your acceptance

Regards

Dr Nidhi Singh  
Business Club Coordinator

Dr. Vikas Shinde

Director PBLCOE,

VIMEET

Respected Sir,

Please accept our profound thanks for taking out the time from your busy schedule for Business Club Presentations of first year engineering students on 21-3-2017. We are thankful to you for sharing your expertise views with students. You inspired a lot of students there. Our privilege was that you were present and enlightened our students during Business Club Presentations. It was the most worthwhile experience for everyone to listen to you.

This Business Club presentation, is a part of SEED Programme, and was a very inspirational and amazing experience for the students. This exposure of Business Club is going to create a platform for the students to enhance and improve their technical skills, Soft Skills, overall personality development. It also helps them to get acquainted with different future technologies, Business Scenarios, Job Opportunities which in exchange makes them ready for future placements.

We really appreciate your support in this endeavor. We are grateful for your time, suggestion, and valuable opinions during Business Club Presentations. We hope it makes a positive difference among the students.

Regards

Dr Nidhi Singh
