### 1. SUPPORT

- Onsite training cost is INR 12,000+Taxes/Day, Informatics Publishing recommends minimum 2 days of training for Koha.
- Annual Maintenance Contract (AMC) is initially for one year. AMC can be extended for further years at renewal prices in those years. One year support includes unlimited online communication through email support.
- To report a new technical problem / issue, the Institution should register the same through email at support@informaticsglobal.com. Informatics will respond to any technical issue within 24 hours of email request on business days.
- After issue has been documented over email, the customer may contact Informatics support team at following phone number (+91 8040387777 (Ext 3015)). We will provide support and strive to resolve technical issue at the earliest. Time span may vary depending upon the complexity of technical issue

- Any complaint resolution with respect to institution's computer hardware, network, Internet, server optimization etc. will be institution's responsibility.
- In case of local server Koha installation, Informatics Publishing will provide the institution with link to download fresh backup on daily basis. It would be institution's responsibility to manage updated backup thereafter.
- In case of Koha installation on Informatics cloud server, Informatics will manage and keep updated backup
- Community version of the software will be provided. But if the institution requires any customization / configuration which amounts to new development, it will be confirmed and created only after evaluation and will be charged for extra, as per company policy.

- During the tenure of AMC, Koha software will be upgraded to next available stable community version.
- Customizations other than for OPAC will attract extra charge as per company policy.
- Customizations created by Informatics Koha team, for previous version and the ones needed to enable already active functionalities in the new community version will attract additional cost depending upon the effort involved.
- In case of up-gradation of Koha, Informatics will migrate existing database of Koha to next stable version at no additional cost during the period of AMC.
- Other language data migration will be possible only in case of UTF8 font. Otherwise the institution will have

to create and provide it.

- Charge of AMC is subject to increase in consecutive years.
- Logos and images to be utilized in OPAC and elsewhere will have to be provided by institution.
- In case of Informatics cloud server deployment of Koha, customer needs to utilize same number of branches as deployed by Informatics.
