These observations already been shared with trainers as improvements for next year

Campus Credential Training Report TE All Departments

Observations from Campus Credential Trainers Team:

- Students should be trained on time adherence (Reaching on time ensures revision of lessons and then taking up exercises else it leads to a chain reaction of distraction)
- Personality Development begins in the class/college , students to be counseled regarding good behavior exhibits as a practice for their future
- All the students have the potential however they need to practice more on their own
- Faculty presence during training sessions should help facilitate

Our Action Points :

- Realizing the actual importance of Soft Skills and Apti for our students, all the respected staff and team members should convey this importance to the students throughout the year.
- Students to be made aware of the fact that Soft and Apti training is mandatory as per our policy.
- Request for alterations in the topics and schedules shall be taken up only after valid and proof supported documentations by the departments related to the students excellence levels.
- Only those students who are already employed and are working & studying will get the benefit of exemption and/or modification of the training
- For Trainer change related requests valid and clear reasons will have to be given by departments, so that change of trainer can be given immediately ensuring the same issue is not faced with alternate

ONE PAGE REPORT

Title of Event	: Electric Vehicle Design
Guest Faculty	: Mr. Nimesh Baba
Organization	: Baba Automobiles Pvt. Ltd
Email ID	:
Contact No.	: 8769405920
Audience	: Electrical and Mechanical
Organized by	: Department of Electrical Engineering
Coordinator	: (I) Prof. Aarti Sethuraman
Date	: 31/01/2019 to 03/02/2019

An electric vehicle, also called an EV, uses one or more electric motors or traction motors for propulsion. An electric vehicle may be powered through a collector system by electricity from off-vehicle sources, or may be self-contained with a battery, solar panels or an electric generator to convert fuel to electricity. EVs include, but are not limited to, road and rail vehicles, surface and underwater vessels, electric aircraft and electric spacecraft.

A four-day Value Addition Program

(VAP) was scheduled for Electrical and Mechanical students

from 31/01/2019 to 03/02/2019.

Nimesh Baba, the eminent resource person was from Baba Automobiles Pvt. LTD., Jaipur. Prof. Aarti Sethuraman was the VAP coordinator.

As per the contents and scheduled discussed with Mr. Nimesh,

Director of Baba Automobiles Pvt.

Ltd., Jaipur, he taught each and

every content to students from

bases of components of a vehicle to

various design classifications. The

students enjoyed all the sessions of this VAP and were satisfied with the skills learned. The students enthusiastically participated in learning about the positioning of various automobile components and the inner parts which it is made of. They also learned about the possibilities of future scope in which they can develop the basic

electric vehicle which they will make in a time span of 25-30 days. In the last session of VAP the projects were distributed to students in groups. Now, students are excited to work more on this society need based projects and exhibit/present their project model in VISION-2019 project exhibition.
