Design Thinking Workshop

Date: 29.07.2022

Trainer: Ms.Vaishali Joshi
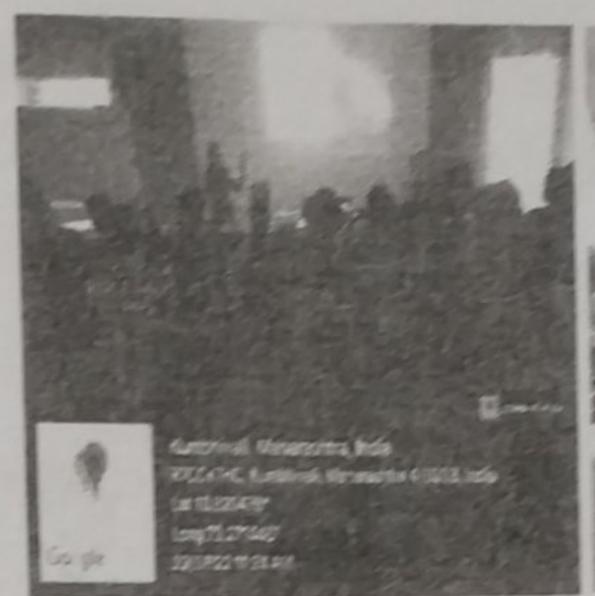

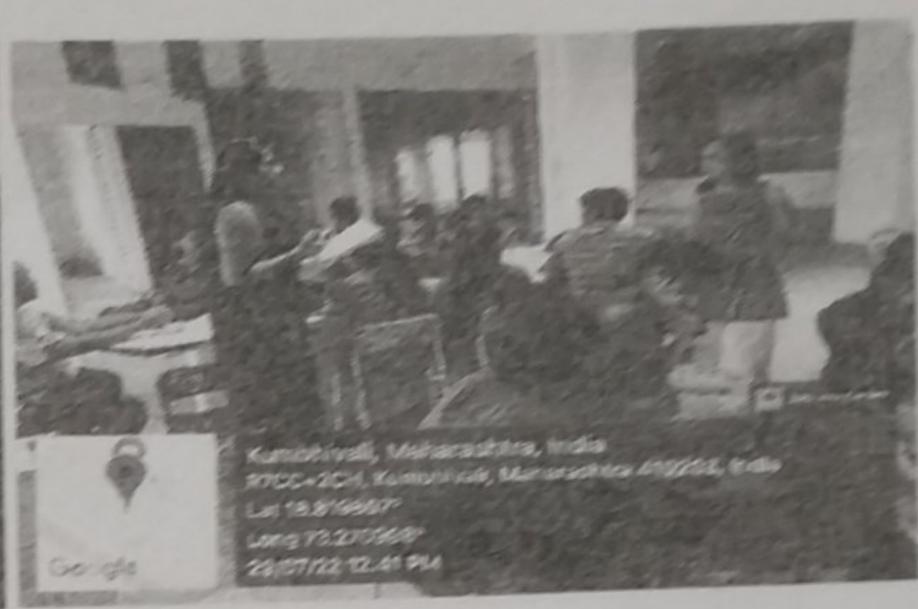

**Participants:** Students of Second Year CSE (AIML) Engineering.

This design thinking workshop was specially fabricated for Second Year CSE(AIML) students at Vishwaniketan's iMEET. Workshop aims to build a tactical approach in student's mindsets for thinking about possible solutions to critical technological, social problems. how, design thinking is used in large Multi-National Companies (MNC's) like Apple Inc, Harley Davidson Motors, Tesla Automobiles and also software giants like Google, Facebook, Netflix.

Workshop was conducted by Ms. Vaishali Joshi specialist in the field of design Consultant from Vishwaniketan Institute of Design.

This activity builds a new pathway for AIML students for a more practical approach, towards product development and to establish more innovative and sustainable designs to match industry standards.
