Event Conducted Under:	Computer Science & Engineering (AI & ML) Department
Activity Type:	Value Addition program
Target Group:	ViMEET Students of all Departments
Recourse Person	Mr. Shivam Paisal (Machine Learning expert , Sonsvales solution Delhi)
Number of student attended	80
Brief Summary about Activity:	
Content covered in lecture	
Prerequisites: Basic Knowledge of Python, Statistics and Probability	
1.Numpy	
2.Matplotlib	
3. Matplotlib	
4.Supervised Learning	
Linear Regression	
Logistic Regression	
KNN	
Naïve Bayes	
Decision Tree	
5. Unsupervised Learning	
K-mean Clustering	
K-mode Clustering	
6. Dimensionality Reduction	
PCA	
AdaBoost	
XGBoost
