Value Addition Program

Summary Report

Academic Year: 2022-23

Course Name: Advanced Python

Duration: from 08-Aug-2022 to 13-Aug-2022

Name of trainer: Mr. Chinmay Rohekar

Faculty Coordinator: Prof. Sneha Nimbare

The Advanced Python Value Addition Program was successfully conducted for the Students of Vishwaniketan Engineering College from 08-Aug-2022 to 13-Aug-2022. The Program was attended by a total of 35 students from Electrical, EXTC, Computer and AI/ML Departments. The training was completed as per the teaching plan provided by the trainer.

After the completion of the training, the students were divided into groups. The students were assigned project topics which included application for a speaking tree, application for gender detection, automated Instagram software, automated YouTube Viewer Bot, etc. Groups were also allowed to select their own project topics after the approval of the trainer.

The trainer conducted two reviews after the completion of the training. The first review was held on 26-August-2022 and the second was held on 30-September-2022. The final Project Exhibition was held on 04-November-2022.

All the groups successfully completed their projects and presented the same at the Final Project Exhibition. Based on the quality of the projects, students were awarded marks and the three best groups were given awards.

All the groups were highly appreciated and encouraged by the judges for selecting above listed project and presenting them enthusiastically. The feedback of the program and the trainer was taken at the end of the project cycle and was found to be adequate.
