EVENT NO:-	03
Title:	Short Term Training Program on Mobile Multimedia Internet
Date:	08-08-2022 to 12-08-2023
Venue:	New Seminar Hall & Lab B004
Time:	10.00 am to 1.00pm & 2.00 to 4.00pm
Staff Co-coordinator:	Dr. Jyoti Gangane & Prof. Sharad Wagh
Number of students attended	58
Name of Resource Person	Dr. Sheshadri Mohan, Professor, Systems Engineering Dept. University of Arkansas at little ROCK, USA

Brief Summary of Short-Term Training Program:

Electronics and Telecommunication Department Organized one-week short term training Program on Mobile Multimedia Internet during 06-08-2022 to 12-08-2022. The STTP was organized for students, research scholars and faculty members.

The objectives of the STTP were;

1. To impart an in depth understanding of the evolving Mobile Multimedia Internet.
2. To understand the various wireless network and protocol
3. To expose participants to the major standards ITU-T, IEEE, IE
4. To stimulate the participants to engage in discussion of research issues.

On 08-08-22 the inauguration of STTP was done by Vice-President of Vishwaniketan, after inauguration session was conducted by Dr. Mohan sir. During 08-12 August 2022, all the morning sessions were presentation on topics of MMI. In the afternoon Participants were given problem statements and they had implemented in MATLAB.
