

Business Club Presentation

Date: 24/01/2023

Co-ordinators: Dr. Nidhi Singh & Prof. Sachin Mulik

Participants: Students of First Year, Div : B

Agenda:

- Soham Baraskar

Case Study 1: Gaming (Rockstar)

1. Prem Patil
2. Kaustubh Mhatre
3. Aditya Mandhare
4. Aayush Deepnaik
5. Yash Kadam

Case Study 2: Drone Technology (Urban Matrix Technology)

1. Visranti Patil
2. Dipvijay Patil
3. Divakar Pal

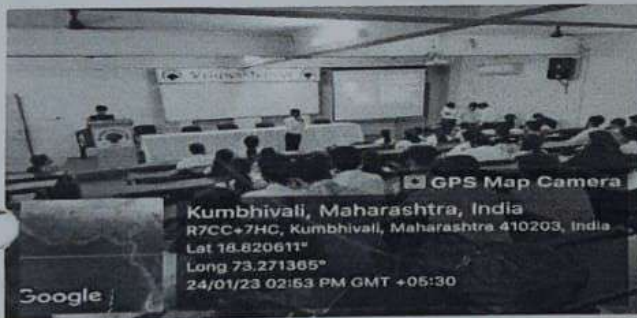

Business News:

- Soham Baraskar

Technical Quiz:

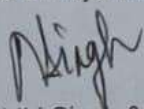

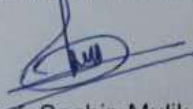

- Yash Jadhav
- Ritesh Solanki

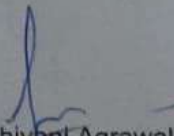

Name of Guest: Prof. Shivani Agarwal

Business Club case study presented by Soham Baraskar and Team.

Essentially, a drone is a flying robot that can be remotely controlled or fly autonomously using software-controlled flight plans in its embedded systems, that work in conjunction with onboard sensors and a global positioning system (GPS). Urban Matrix a Bengaluru based drone tech startup, created history by demonstrating a drone flight from a distance of 3,000 Kms, using 4G technology. The startup flew their drones in Bangalore while controlling the whole flight from Dubai. This is a major milestone for India's deep-tech innovation.
