Department of First Year Engineering
Academic Year 2022-2023

Business Club Presentation

Date: 29/11/2022

Co-ordinators: Dr. Nidhi Singh & Prof. Sachin Mulik

Participants: Students of First Year, Div : B

Agenda:

- Rohan Patil

Case Study 1: Electric Automobile (Tata Motors)

1. Aniket Sardar
2. Shrushti Thombre
3. Pranali There
4. Atharv Dhama

Case Study 2: Robotic Process Automation (Epiance)

1. Soundarya Shinde
2. Soham Kank
3. Shrushti Pawar

Business News:

- Rohan Patil

Technical Quiz:

1. Sarvesh Joshi
2. Aniket Sardar

Name of Guest: Dr. S. B. Kadam

Business Club case study presented by Rohan Patil and Team.

The electric vehicle industry refers to the production manufacturing and sales of vehicles that are powered by electricity. This includes electric cars, buses, motorcycles, and trucks. Electric Vehicles have been around for a long time, but they've only started to become popular in the last few years. Tata motors is a leading global automobile manufacturer of cars, utility Vehicles, buses, trucks and defence vehicles, It has many offerings across commercial... passenger and electric vehicles. Robotic process automation (RPA) is a Software technology that makes it to build, deploy, and it easy Software manage robots that emulate humans actions interacting with digital systems and Software. Robotic process automation Streamlines workflows, which make organizations more profitable, Flexible and responsible Epiance is the leading provider of enterprise Software that helps companies manage their IT driven. business transformations successfully.
